CHICKEN FOOD FORMS

Create IDDSI-compliant chicken that tastes and looks delicious. Manufactured with high-quality durable soft-touch TPE, this item is perfect for efficiently creating a realistic and appealing chicken breast shape..

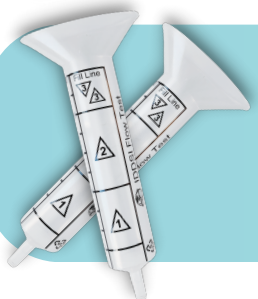

BREAD FORM

Create IDDSI-compliant Level 4 - Pureed bread that tastes and looks like traditional sliced bread! Our Bread Form enhances the appearance and quality of pureed meals. Manufactured with high-quality silicone, this item is perfect for baking and refrigerating.

CUTTING BOARD

The Cutting Board for IDDSI Training makes it simple to chop and mince properly sized food for IDDSI Levels 4-6. In addition to easy-to-use sizing grids, the cutting board outlines the IDDSI Test Methods and Critical Test Standards.

IDDSI FUNNEL

The IDDSI funnel is designed specifically for the IDDSI Flow Test, easily marked with IDDSI Framework Levels. The innovative funnel top is designed so you can pour your test sample directly into the funnel without the need for another syringe.
