Discharge Planning, Hearings & Appeals:

It's A New Ballgame

April 10, 2018

2 – 3:30 pm

Discharge Planning, Hearings & Appeals: *(It's A New Ballgame)*

Date & Location:

April 10, 2018

2 – 3:30 pm

The newly proposed Requirements for Participation emphasize the importance of comprehensive discharge planning as more residents will be discharged quicker into the community. Additionally, changes are proposed to the discharge appeals process, some of which appear to have been adopted by Hearing Examiners as a matter of practice if not by law. This webinar will review the requirements in the discharge process and provide actual examples of cases that have been decided by Hearing Examiners in Ohio.

Objectives:

- Learn the basics of the discharge process
- Identify cases where the provider has prevailed and why
- Learn the proposed changes to the discharge process under the proposed Requirements of Participation

Speaker:

Christopher Tost is a Partner at Rolf Goffman Martin Lang LLP. He has frequently presented on the topics of survey enforcement and resident discharge. Mr. Tost has represented a number of providers in the Ohio Department of Health hearing process, and has also aided facilities relative to discharge decisions, and the preparation of required notices. Christopher has been routinely selected as one of Ohio's "Rising Stars" in the area of health care law by Super Lawyer Magazine.

Continuing Education Credits:

Each program is approved for one (1) hour of credit for nursing home administrators and nurses. Individual attendance will be monitored throughout the call. Only those attending the entire call will be awarded continuing education credit. All participants regardless of need for CEUs, will receive a certificate of attendance.

How it will work:

One week prior to the webinar, you will receive an email with the toll-free number and access code for your contact person at the facility to enter the webinar, as well as any handout materials and continuing education request forms. The number and access code are only valid for one connection (*phone line & computer*) per each registered organization. Any additional connections will be billed the webinar registration fee.

How much does it cost?

Facilities will pay one low fee for an unlimited number of participants. However, the number and access code is valid only for one phone line/computer at the location registered with the Association. Any additional telephone #'s/computers calling in will be billed for the registration fee.

Have a conflict the day or time of the call or just want other shifts to be able to hear the program? This program is being recorded and a cd-rom along with the handouts is available for purchase. CEUs are not available for listening to the CD.

It is imperative that an email address is provided as this is where call in code and handout materials will be sent.

Registration
