What will be covered and knowledge gained:

- What are MIC audits and what is their purpose?
- When will they take effect?
- Who will be doing the audits?
- How will audits be conducted?
- How much notice will providers be given?
- What claims & situations will audits be reviewing?
- How will they affect SNF providers?
- Is there an appeals process?
- What should SNF providers do to prepare?
- Finding Medicaid rules & guidelines that may pertain to these audits
- What process will follow completion of the audit?

Due to CMS travel restrictions, only one location in the state could be accommodated. It is very important that facilities hear straight from CMS regarding the implementation of MICs.
