QAPI CERTIFIED PROFESSIONAL (QCP) Prep Workshop

April 5 - 6, 2018

Ohio Health Care Association office

55 Green Meadows Drive South, PO Box 447, Lewis Center, Ohio 43035 614-436-4154

An effective QAPI process and program will take you beyond compliance and enable your facility to truly transform the care you provide residents. Increase your knowledge by attending a two-day QAPI education workshop that will help you prepare for the comprehensive QCP certification exam.

To implement quality assurance and process improvement (QAPI) strategies in long-term care effectively, you need strong nurse leadership. To achieve that leadership, follow the QAPI principles taught in this course to help you fulfill your mission to provide the best possible care and quality of life for your residents.

Courses

- Implement the five elements of the QAPI program
- Evaluate your facility and create an ongoing improvement plan for your facility
- Improve your team's understanding and involvement in the process
- Apply the QAPI principles effectively
- Lead your team in QAPI initiatives

Note: The QCP certification exam is sold separately for \$99 (member) / \$198 (non-member).

Get the tools you need to prepare for and implement QAPI-mandated regulations in your long-term care facility with a preparatory workshop for QAPI Certified Professional (QCP) certification. Implementing quality assurance and process improvement (QAPI) strategies is nothing new in long-term care. Following these principles helps you fulfill your mission to provide the best possible care and quality of life for residents. What is new are the formal QAPI government standards and regulations.

Implement the five elements of the QAPI program. Evaluate your facility and create an ongoing improvement plan for your facility. Help your team understand and be involved in the process. Apply QAPI principles effectively.

This two-day workshop will complement your nursing expertise with QAPI knowledge and skills to lead your team in quality initiatives. Workshops are taught by individuals who go through rigorous requirements to become Master Teachers and who are experts in the field.

The QCP credential is perfect for directors of nursing services, QAPI managers, nurse managers RNs & LPNs, social service directors, activities directors, staff development directors

Courses Include:

- QAPI Design and Scope for Skilled Nursing Facilities
- QAPI Governance and Leadership for Skilled Nursing Facilities
- QAPI Feedback, Data Systems, and Monitoring for Skilled Nursing Facilities
- QAPI Performance Improvement Projects for Skilled Nursing Facilities
- QAPI Systematic Analysis and Systemic Action for Skilled Nursing Facilities

Workshop Information:

- 8:00am – 5:00pm / • Lunch is provided

Note: The QCP Certification Examination – QCP exam is sold separately. Upon purchase, you will have access to the QCP certification exam in the online Classroom. To earn the credential you, must hold a current, active healthcare professional license and pass the examination with a score of 80% or better.

Instructor:

Kristin Bernard-Breese, RN, BSN, RAC-CT, RAC-MT, CPC, QCP-MT, is the managing director of Post Acute Clinical Advisors, LLC as well as an Independent Nurse Consultant for the Connecticut Department of Public Health assisting facilities within the nurse monitor program. She has previously held positions as Director of Operations, Regional Medicare Specialist, Clinical Reimbursement Specialist, DNS and MDSC. Kristin has been in long term care since 1985 in multiple clinical and operational capacities including MDS and reimbursement since the early 90's. Her focus at Post Acute Clinical Advisors is maintaining clinical competencies to provide quality person center care while managing reimbursement challenges. Kristin also assists facilities with both the clinical and operational implementation of electronic health records. She is currently a Certified Professional Coder (APC), one of only a handful of OASIS Master Trainers and a Master Teacher for both the AANAC RAC-CT and QAPI programs. Her years in education make her training sessions much more than just a transfer of information, but a long term supportive relationship with those who have attended programs. She has spoken locally as well as nationally on a variety of clinical and reimbursement topics and has published articles and co-authored an ICD10 systems book. Holding multiple RN licenses in various states allows her to assist clients in federal and state regulation compliance.
