Comprehensive Accident Investigations  
Getting the Most of Your Safety Committee  
Emergency Response  
Blood borne Pathogens  
OSHA Recordkeeping  
Ergonomics Management

October 1, 2009  
November 5, 2009  
December 3, 2009  
January 7, 2010  
February 4, 2010  
March 4, 2010

## Speaker:

**John Lanning**, Senior Risk Analyst, *CompManagement Inc.* John joined CMI in 2002 bringing with him more than 15 years of OSHA compliance and workers' compensation experience to the organization. John's professional development has focused on safety programs in the manufacturing, health care and construction industries where he develops and implements strategies to control the frequency and severity of workplace accidents which results in positive premium impacts on both group rated and penalty rated employers. John is also authorized to conduct OSHA 10-hour and 30-hour general industry training.

## Comprehensive Accident Investigations *Thursday October 1, 2009*

### Learning Objectives:

- Identify the important roles of management and front-line employees on eliminating at-risk behaviors.
- Discuss the relevance of "near-miss" incidents and how they should be used to prevent accidents.
- Learn the practices of a comprehensive accident investigation including how to secure the accident scene and how to conduct interviews.
- Discover how data and other record keeping practices can be used to foster corrective action and reduce workplace hazards.

Sign up today and empower your staff to put safety first in your organization.

Members who sign up for the series pay only \$300 — a savings of \$150!

### How it will work:

One week prior to the webinar, EFOHCA will email the toll-free number and access code for your contact person at the facility to enter the webinar, as well as any handout materials and continuing education request forms. The number and access code is valid only for one phone line/computer at the location registered with OHCA. Any additional telephone #'s/computers calling in will be billed for the teleconference registration fee. Attendees of the program must be employees of the registered location.

### Continuing Education Credits:

This program is approved for one (1.0) hour of credit for nursing home administrators and nurses. Individual attendance will be monitored throughout the call. Only those attending the entire call will be awarded continuing education credit. Upon receipt of your request for continuing education form, certificates will be mailed to the facility.

### How much does it cost?

OHCA/OCAL member facilities will pay just \$75 for an unlimited number of participants. The number and access code is valid only for one phone line/computer at the location registered with OHCA. Any additional telephone #'s/computers calling in will be billed for the teleconference registration fee. Attendees of the program must be employees of the registered location.

Have a conflict the day or time of the call or just want other shifts to be able to hear the program? This program is being recorded and a cd-rom along with the handouts is available for purchase. CEUs are not available for listening to the CD.

*It is imperative that an email address is provided.*
